MEMORANDUM FOR THE RECORD

SUBJECT: Resume of Mission C018C

25X1A 1. General: Mission C018C was alerted on 3 January 1968. Launch for this round-robin mission from [REDACTED]

Preplanned Mission Data:

Distance	1341 NM
Time to Landing	4+00 Hours
Mission Profile	Maximum Altitude
Take-off Fuel	895 Gallons
Fuel Reserve at Hi Cone	180 Gallons

Targets: The route for this mission was designed to obtain photo coverage on 28 COMIREX targets and five (5) other targets [REDACTED]

2. Actual Mission Data: Scheduled take-off of [REDACTED] was made good. Landing time was [REDACTED] for a flight duration of 4+10. From the readout of the tracker film, deviations from three to twelve miles right of the preplanned track were indicated. Sighting angle adjustments of the camera were made by the mission pilot to obtain desired coverage.

a. Target Coverage:

(1) 33 COMIREX targets (three priority II and 30 lower priority targets) were photographed. Photography on one of the above targets could be used for target identification only.

(2) 29 bonus targets (non-COMIREX) were also photographed.

b. Weather in the target area was not quite as good as forecast. The first flight line which started about 100 nautical miles southeast of Shanghai was clear and the last four lines from Foochow to South of Swatow were clear. The intervening flight lines were 50 percent or more cloud cover.

25X1C

3. Air Defense Reactions (ChiCom):

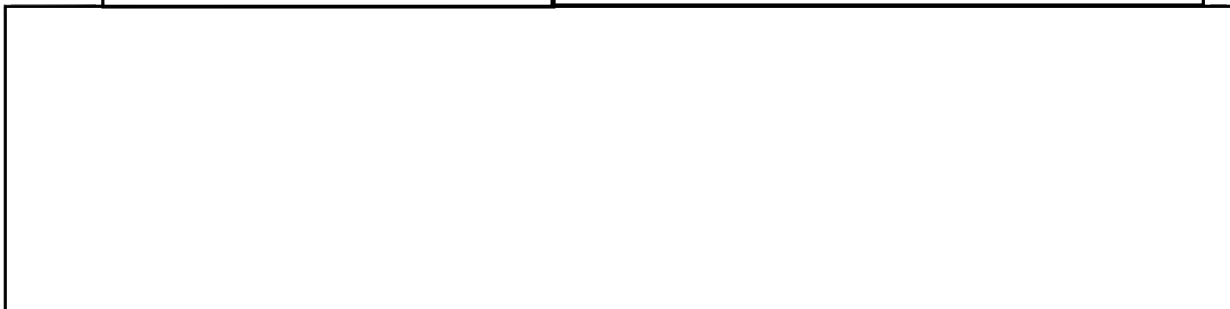

25X1C

b. Fighter Reaction: No contrails or unfriendly aircraft were sighted.

6. Photo Analysis: Of the 62 targets photographed, 11 were considered good, 41 fair and the remaining 10 were rated poor on photo interpretability. Overall quality was fair with 25 percent cloud cover. Degradation was attributed to obliquity for the majority of the photographs with clouds being a contributing factor in some instances. The Film Evaluation Report submitted by [ ] rated the exposure, processing, printing and overall quality as good. The 24 hour clock and shutter speed meter had secondary images and was difficult to read.

25X1A

7. Maintenance: Article 383 was flown on this mission. There were no aircraft general, engine or flight instrument discrepancies.

8. Communications: Radio, nav aids and [ ] operation was satisfactory.
